

INSIDE OUT

20 December 2016 – 3 February 2017

DOMINO

The Paintbrush Factory, ground floor

A new contemporary art space, supported and hosted by the Plan B Foundation

59–61 Henri Barbusse Cluj-Napoca

Opening: 20 December 2016, 7 PM

The group exhibition ***Inside Out*** brings together recent works by students and fresh graduates selected by the Domino team and Plan B Foundation as a consequence of their participation in **Expo Maraton 2016** – an event organized by The Art and Design University of Cluj-Napoca in Casa Matei gallery: **Gábor Barna, Vasile Cătarău, Florentina Chiriță, Melinda Dobriban, Alexandra Filimon, Mihai Ionel, Andrei Ispas, Daria Langa and Anca-Emilia Stătică**. The nine different artistic discourses stand out by means of the conceptual clearness and the richness of the visual experiment that they propose. At the same time, they open new thematic trajectories assimilated with a symptomatic dichotomy governing each of the personal world that artists imagine – intimacy vs. exteriority, as two virtual attitudes accompanying the explorations of the self in relation with the space around it.

The nine artists have been invited to develop personal projects which are part of their larger artistic endeavours, some of them already tested in the framework of the Art University's studios and the Expo Maraton competition, other projects brought in the public eye for the first time and adjusted to the context of a group show, where the dialogue between artworks is emphasised by the rhythm of the visual narrative that unites them.

As a response to the invitation from The Art and Design University of Cluj-Napoca to award a prize for Expo Maraton 2016, Plan B Foundation proposed that instead of awarding a single prize to one artist, to work with a larger selection of artists in building together an exhibition. This exhibition aims at creating a platform for the students' and fresh graduates' personal expression in collaboration and dialogue with Domino team. Thus, *Inside Out* takes further the *Learning & Unlearning* program, a series of workshops dedicated to new creative and critical approaches.
